

Project MORE
High School

July, 2023

Hello Project MORE Families and welcome back to campus – home of the **Siberian Tigers!**

It is my sincerest hope that this message finds everyone healthy and rested. We are anticipating a great start to the much anticipated 2023-2024 school year on Thursday, August 3, 2023!

We continue our second year with our new instructional model with all of our faculty and staff returning to Project MORE! We continue to implement our new instructional model as we've moved away from relying on Apex credit recovery class that are online. We will continue to utilize Apex for some courses, but students will predominately be taught by a teacher for most of their classes.

Our Trimester schedule proved to be highly effective and we will continue to use it this academic year as students can earn 7.5 credits in a school year instead of the traditional 6 credits. Each Trimester has two quarters and each quarter is approximately 30 days. This is why attendance is so important. Missing more than five days in one quarter puts your grade at risk. We will continue to send out attendance information to ensure families are aware of student progress and making graduation a reality!

We ask that families partner with staff often and communicate frequently. Please be sure we have updated phone numbers and email address on file to keep Two-Way communication open. Again, thank you and looking forward in making 2023-2024 school year a success!

Best,

Israel Macias-Reyes
Principal'
