Dear Parents and Families of Project MORE.

Welcome, to our school community at Project MORE, where we embrace a unique approach to education as an alternative school. We are delighted to welcome your family into our close-knit community, where every individual is valued and encouraged to thrive in their own distinctive way. At Project MORE, we prioritize a holistic educational experience that goes beyond conventional academics. Here, learning extends into the realms of creativity, critical thinking, and personal growth, fostering a well-rounded development for each student as they re-engage in their high school education.

Our commitment to alternative education means that we prioritize small class sizes, personalized attention, and a supportive environment where every student can explore their passions and interests freely. Whether through our innovative curriculum, experiential learning opportunities, or dedicated teachers and staff, we aim to provide a nurturing space where curiosity is celebrated, and individuality is respected. Together, as a community, we strive to cultivate a love for learning that extends beyond the classroom and prepares students to navigate an ever-changing world with confidence and resilience.

As you embark on this journey with us, we encourage you to actively participate in our school community. Whether it's through volunteering, joining school events, or engaging in discussions, your involvement enriches the educational experience for everyone. We look forward to partnering with you in nurturing the potential of each child and fostering a supportive environment where every family feels valued and connected. Welcome to Project MORE, where we celebrate diversity, embrace creativity, and empower each student to shine brightly.

Sincerely,

Mr. Israel Macias-Reyes

Principal, Project MORE
