

Project MORE
High School

August 6, 2021

Hello Project MORE Families and welcome back to campus – home of the Siberian Tigers!

It is my sincerest hope that this message finds everyone healthy and rested. We had a great start to the much anticipated 2021-22 school year; on Thursday, August 5, 2021, we opened our campus gates and begin our journey in completing requirements to graduate!

I and all of Project MORE faculty and staff have never been more excited to welcome students back on to campus. We are equally as eager to partner with our families and community members to Re-engage your student, remove academic barriers, and find innovative and alternative ways to find academic success for your student.

We are very much aware that our students and families have gone through many challenging experiences throughout this past year and a half, and we will intentionally listen and help students adjust returning back to campus. You have our commitment to remain vigilant and cognizant of health, safety, and security for our learning community at Project MORE.

Our journey to graduation will require a new sense of partnership with families in order to succeed. We ask that families communicate and partner with staff often and consistently. Please be sure we have updated phone numbers and email address in order to keep Two-Way communication open.

Again, thank you for making the start of the 2021 school year a success!

Best,

A handwritten signature in black ink, appearing to read "Mr. Macias". The signature is fluid and cursive, with a long horizontal line extending from the start of the name.

Mr. Macias - Principal
